MARSHALL INDEPENDENT SCHOOL DISTRICT

MISSION STATEMENT

The mission of the Marshall Independent School District is to improve outcomes for all students by providing leadership, guidance, and support to schools.

BOARD POLICY - SALARIES, WAGES, AND STIPENDS

AUTHORITY FOR COMPENSATION PLAN

Board Policy DEA (LOCAL) states, "The Superintendent shall recommend an annual compensation plan for all district employees." Pay structures shall be designed and administered for the purpose of attracting and retaining qualified employees to achieve District goals. The Superintendent shall administer and maintain pay systems in accordance with board policies and administrative procedures.

DESCRIPTION

Certified classroom teachers, librarians, ARD facilitators, instructional coaches, interventionists, speech interns and counselor will be paid no less than the minimum monthly salary on the state salary schedule based on years of experience as required by law. For other employees, the Superintendent shall assign positions to pay ranges that define the minimum and maximum base pay for the position. Jobs will be classified on the basis of qualifications and duties as defined by the District. All employees will be paid within the assigned pay range unless exceptions are granted by the Board. The Superintendent shall review pay structures annually and make periodic adjustments to pay ranges.

PAY PLAN ADMINISTRATION PROCEDURES

Minimum Pay Requirements

Certified classroom teachers, librarians, registered nurses, and counselors will be paid no less than the state minimum salary schedule based on total years of creditable experience. Experience will be credited according to the commissioner's rules on creditable service (19 TAC 153.1021). Salaries for these employees will be determined annually after board approval of the budget. Nonexempt employees will be paid no less than the current minimum wage in accordance with the federal Fair Labor Standards Act (FLSA).

Local Pay Plans

The District will maintain position classification and pay range structures for all jobs. Jobs will be grouped into position classification and pay ranges in the following categories: (1) teachers, (2) clerical/paraprofessional, (3) manual trades, and (4) administrative salary scales.

Each job will be assigned to, a pay grade that determines the minimum to maximum pay range for the position. Pay ranges are set to be competitive with the relevant job market for benchmark positions. Jobs are assigned to pay grades on the basis of the following factors: (1) job qualifications and required skills; (2) job duties and responsibilities defined by the district; and (3) competitive job market prices.

Pay ranges are reviewed annually and adjusted as needed.

Reclassification of Current Positions

Pay-grade assignments may be changed based on significant and sustained changes in the job duties assigned (increased or reduced) or changes in the competitive job market. A job reclassification occurs when the same position is moved to a higher or lower pay grade. An upward or downward job reclassification will result in greater or lesser potential for pay advancement over time.

BASE PAY FOR EXEMPT AND NONEXEMPT EMPLOYEES

Classification of Positions as Exempt or Nonexempt

All jobs will be classified as exempt or nonexempt in accordance with the requirements of the federal Fair Labor Standards Act (FLSA). The Human Resources department will determine the classification of each position based on a description of assigned job duties and the method of compensation. In order to be exempt, the employee's primary duties must fall under one of three types of exemption: executive, administrative, or professional, as defined under the FLSA, and the employee must be compensated on a salary basis. All employees who do not meet the legal requirements for exemption are classified as nonexempt.

Basis of Pay for Exempt Employees

Exempt employees are paid on a salary basis for the number of months in their annual employment period. Payment on a salary basis means that employees are paid a fixed sum for the job regardless of the days or hours actually worked each week. Annual salaries may be adjusted for different duty assignments but salaried employees are not entitled to pay on a daily or hourly basis. Exempt employees do not receive overtime compensation.

Basis for Pay for Nonexempt Employees

Nonexempt employees are paid on an hourly wage basis for all hours worked each week. Employees who are nonexempt will receive compensation for additional hours worked through time or pay.

Prorating Pay for Reduced Work Year

Wages may be adjusted proportionately for employees who work less than a full work year calendar.

Payroll Period

Regular full time employees will receive bank deposits and substitutes will receive paychecks according to the district's payroll schedule. All employees who work less than twelve months will have their annual compensation prorated over a twelve-month calendar period to provide year-round income. Paychecks will not be released to any person other than the district employee that is a substitute named on the check without written authorization. Paychecks that have not been picked up by 2:00 p.m. on pay day will be deposited in the mail and delivered via USPS.

OVERTIME COMPENSATION

Overtime Defined

Nonexempt employees who work in excess of 40 hours within the defined MISD workweek are subject to overtime regulations in accordance with FLSA.

An employee's regular work schedule may be adjusted during the week to limit or eliminate overtime. The District's workweek begins at 12:00 a.m. on Saturday and ends at 11:59 p.m. on Friday. Overtime must be paid or accrued as compensatory time [see DEAB (LOCAL)].

Authorization of Overtime

A supervisor must approve all overtime worked in advance. Supervisors are responsible for preventing unauthorized overtime. Employees who work unauthorized overtime may be subject to disciplinary action. Supervisors of nonexempt employees must ensure that employees understand how they will be compensated for overtime (compensatory time or pay) prior to the employee working overtime hours.

Overtime pay requirements cannot be waived by voluntary agreement between the school district and the employee. The employee cannot "donate" overtime or agree to be paid at reduced rates.

Compensation for Overtime

Compensation for overtime hours will be awarded at 1.5 times the regular rate of pay after physically working a 40 hour workweek. Compensation may be given in compensatory time or paid in the regularly scheduled paycheck.

Use of Compensatory Time

Employees who have accrued compensatory time must use that time before using other accrued leave, unless approved by the manager prior to absence.

SUPPLEMENTAL DUTY PAY

Exempt Personnel

The board will approve a schedule of stipends for extra duties. Exempt employees who are assigned supplemental duties that accrue extra pay will be compensated according to the district's schedule for extra duty stipends. These assignments may be discontinued at any time for any reason or no reason, by either party unless an extra duty stipend or supplementary assignment is part of a dual contract. The supplement may be prorated in the event that an individual is unable to perform the duties for the entire period as indicated. It is the responsibility of the principal and/or manager to verify that an individual met the minimum standards to be eligible for the supplement. An employee does not have a property right to a supplement and all supplements are authorized on a year-to-year basis.

Nonexempt Personnel

Nonexempt employees who are assigned supplemental duties will be paid on an hourly basis including overtime compensation when hours exceed 40 hours worked in a workweek. The hours worked in supplemental duties must be combined with the hours worked in the regular job assignment for determining the total hours worked each week.

GENERAL PAY INCREASE

Eligibility for General Pay Increase

The compensation will be reviewed annually for adjustments.

Equity Adjustments

The Superintendent shall recommend to the Board an amount for employee pay increases as part of the annual budget. The Superintendent or designee shall determine pay adjustments for individual employees, within the approved budget following established procedures.

A contract employee's pay may be increased after performance on the contract has begun only if authorized by the compensation plan of the District or there is a change in the employee's job assignment or duties during the term of the contract that warrants additional compensation. Any such changes in pay that do not conform to the compensation plan shall require Board approval. [See DEA (LEGAL) for provisions on pay increases and public hearing requirements]

The Superintendent may grant a pay increase to a noncontract employee after duties have begun because of a change in the employee's job assignment or to address pay equity. The Superintendent shall report any such pay increases to the Board at the next regular meeting.

PROMOTIONAL INCREASE

Promotion Defined

A promotion occurs when an employee is selected for a different job in a higher pay grade in the same pay group. Pay adjustments for promotions will begin with the effective date of the new assignment.

Promotion Increase for the exempt Administrative/Salary Scale Structures

A promotion increase is based on an employee's current base pay less any stipends paid for supplemental duties. Promotion increases will be based on rates of pay for the assigned duty calendar and will be determined by these guidelines:

1. No employee will be paid below the minimum of the new pay range.
2. The promotion increase for a teacher promoted to an administrative/professional position will be added to the base salary plus stipends for teaching assignments. Stipends for extra-duty assignments will not be included.
3. Consideration will be given to maintaining internal equity with other employees in the same positions.

Promotion Increase for nonexempt Clerical, Paraprofessional Support, Police, Technology and Manual Trades Structures

A promotion increase is based on an employee's current hourly base rate of pay and will be determined by these guidelines:

1. No employee will be paid below the minimum of the range.
2. Consideration will be given to maintaining internal equity with other employees in the same position.

NEW HIRE PLACEMENT

Classroom Teachers, Librarians, ARD Facilitators, Instructional Coaches, Interventionists, Speech Interns, Athletic Trainers and Counselors

For these job titles, a hiring schedule is prepared annually to facilitate placements by total years of creditable service. Experience is credited for teachers and librarians according to the commissioner's rules on creditable service (19 TAO 153.1021). Registered nurses are required to submit an experience affidavit and are credited with verifiable full-time work experience as a registered nurse. The hiring schedule for these positions is subject to change each year and should not be used to predict future salaries. Experience is counted based on the authorized date of the hiring schedule. The maximum new to the district placement for these categories of employees is 25 years.

Administrative/Salary Scale Structures

Placement of new hires will be determined on an individual basis considering the person's job qualifications, salaries for other district employees in the same position, and the number of job applicants.

The guidelines for placement in these pay structures are as follows:

1. New hires may be placed up to the pay range midpoint based on relevant job experience. Exceptions may be made by the Superintendent in special circumstances.
2. No employee will be placed below the minimum of the pay range for the position.

Clerical/Paraprofessional Support, Police, and Manual Trade Pay Structures

Placement of new hires will be determined by the minimum requirements of the job and pay rates of other employees in the same job title with similar experience.

The guidelines for placement are as follows:

1. New hires in jobs that require previous job-specific experience may be placed up to midpoint. The Human Resources Department will determine each new hire's level of job-specific experience based on documentation submitted by the new hire within 30 calendar days from the first work day. Documentation submitted after 30 calendar days will not be considered. For skilled or technical positions, other department personnel will assist in the determination of job-specific experience.
2. No employee will be placed below the minimum of the range.
3. New hires may not be placed above the midpoint unless approved by the Superintendent.
